Dear John,

I wanted to take this opportunity to let you know how pleased I am with the service provided by your company. Your installers did a professional job and your technical support team has been very helpful to my guests. Although there may have been lower priced solutions, I believe that your company offered the best overall value.

As you are aware, we try to offer the best amenities to our guests. We are happy that we have received positive feedback from many guests regarding your solution. As a result, we have experienced a 10% increase in our room reservations within the second month of having Internet installed in the guest rooms.

Five US Government Employees selected my location mainly due to the high-speed Internet access. They booked rooms for 30 days each. Therefore, the investment has already paid for itself.

Please share this information with your team. Also, please feel free to provide my contact information as a testimonial to your service.

Sincerely,
